Our Vision

Doing all the good we can, through faith, love and excellence.

Micah 6:8 "This is what the Lord requires of you: to do justice, and to love kindness and to walk humbly with your God."

We want St Cuthbert's to be a school where:

Our Ethos

- everyone flourishes through the guidance of our Christian values.
- teaching and learning is creative, engaging and motivational.
- relationships are positive and serve to support others through **compassion** and **kindness**.

"I have come that they may have life and have it to the full." John 10, V10

Our Expectations

- we show **courage** to be the best that we can be.
- the children make excellent progress, fostering a love of learning.
- every child has an **equal** chance to fulfil their full potential.

"All human kind is made in the image of God." Genesis 1, V26-27

Individuality

- we grow and flourish as individuals; through **endurance** we can achieve.
- the value and worth of each individual is celebrated and everyone feels included.
- the children develop a spirit of **curiosity** and a willingness to rise to a challenge through a broad, enriched curriculum.

"All people are called to transform the world" Genesis 1 V26-31, Micah 6 V8

Working Together

- the children are able to **trust**, show **respect** and **friendship** to others.
- the community enables our pupils and school to grow in a happy, safe, healthy and spiritual environment.
- we foster links and contribute to the educational community through effective communication.

"Every person is an individual and also part of a community." 1 Cor 12 V12-27

*This is a vision that is inclusive to all as we are reminded in the words of Luke 18:16:
"But Jesus called them to him, saying, "Let the children come to me, and do not hinder them, for to such
belongs the kingdom of God."*

For we are all equal in the eyes of God.

The Values of the school

Compassion

"Clothe yourselves with compassion, kindness, humility, gentleness and patience."

Colossians 3:12

Kindness

"Be kind to one another, tender-hearted, forgiving one another as God in Christ forgave you."

Ephesians 4:32

Equal

"You shall love your neighbour as yourself."

Mark 12:31

Potential

"Behold they are one people and they have all one language and this is only the beginning of what they will do."

Genesis 11:6

Courage

"Be strong and courageous. Do not be frightened and do not be dismayed for the Lord your God is with you wherever you go."

Joshua 1:9

Trust

"My God is my strength in whom I trust."

Psalm 12

Friendship

"Encourage one another and build each other up."
1 Thessalonians 5:11

Respect

"For God gave us a spirit not of fear
but of power and love and self-
control."

Joshua 1:9

Endurance

"I can do all things through Him who strengthens"
Joshua 9

Introduction

St. Cuthbert's CE Primary School fully recognises the contribution it can make to protect children and support pupils in school. . We will be alert to the signs of **abuse, neglect and exploitation** and follow our procedures to ensure that children receive effective support, protection, and justice. The aim of the policy is to safeguard and promote our pupils' welfare, safety and health by fostering an honest, open, caring and supportive environment. We encourage children to talk about their worries and to report their concerns to us in a number of alternative ways. The pupils' welfare is of paramount importance.

We ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues.

Legislation and statutory guidance

This policy is based on the Department for Education's (DfE's) statutory guidance [Keeping Children Safe in Education \(2026\)](#) and [Working Together to Safeguard Children \(2026\)](#), and the [Maintained schools: governance guide](#). We comply with this guidance and the arrangements agreed and published by our 3 local **safeguarding partners** (see section 3).

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least 1 person conducting an interview to have completed safer recruitment training
- The [Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The [Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#) (as amended by the Protection of Freedoms Act 2012 and The Crime and Policing Act 2026), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The [Human Rights Act 1998](#), which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)
- [The Equality Act 2010](#), which makes it unlawful to discriminate against people regarding particular protected characteristics (including age, disability, gender reassignment, marriage and civil partnership, race, religion or belief, sex and sexual orientation). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular

disadvantages affecting a specific group of pupils (where we can show it's proportionate). This includes a duty to make reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment

- [The Public Sector Equality Duty \(PSED\)](#), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as: sexual violence, homophobic, biphobic or transphobic bullying or racial discrimination
- [Operation Encompass statutory guidance](#), which explains that the police must notify our school of any incidents involving domestic abuse
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018 (referred to in this policy as the '2018 Childcare Disqualification Regulations') and Childcare Act 2006, which set out who is disqualified from working with children
- This policy also meets the requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#)

Definitions

Safeguarding and promoting the welfare of children means:

- Providing help and support to meet the needs of children as soon as problems emerge
- Protecting children from maltreatment whether that is within or outside the home, including online
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.

Abuse a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sharing of nudes and semi-nudes (also known as sexting or youth-produced sexual imagery is where children share nude or semi-nude images, such as photographs, videos or live streams. This also includes images that are digitally altered or wholly AI-generated (sometimes called 'deepfakes' or 'deep nudes') that otherwise appear to be a photograph or video. The sharing of nude or semi-nude images requires a safeguarding response whether they are consensual or non-consensual.

Children includes everyone under the age of 18.

Exploitation- where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18

The following 3 safeguarding partners are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

Victim is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim, or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

Alleged perpetrator(s) and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

This policy applies to all staff, governors and visitors to the school. We recognise that child protection is the responsibility of all staff. We will ensure that all parents and other working partners are aware of our child protection policy by mentioning it in our school prospectus, displaying appropriate information in our reception and on the school website and by raising awareness at meetings with parents.

Safeguarding Commitment

For the purposes of this policy, safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

The school adopts an open and accepting attitude towards children as part of its responsibility for pastoral care. Staff encourage children and parents to feel free to talk about any concerns and to see school as a safe place when there are difficulties. Children's worries and fears will be taken seriously and children are encouraged to seek help from members of staff.

Our school will therefore:

Establish and maintain an ethos where all children (including those having protected characteristics under the Equalities Act 2010) feel secure and are encouraged to report concerns, talk, and are listened to;

Ensure that children know that there are adults in the school whom they can approach if they are worried or are in difficulty and that there are alternative ways to report concerns;

Include in the curriculum activities and opportunities for PSHE / Citizenship / Relationships Education, Relationships and Sex Education and Health Education which equip children with the skills they need to stay safe from abuse (including online and other contexts children are in), and to know to whom they can turn for help including the use of worry boxes, ELSA activities.

Ensure every effort is made to establish effective working relationships with parents and colleagues from other agencies;

Operate safer recruitment procedures and make sure that all appropriate checks are carried out and recorded on the single central record for new staff and volunteers who will work with children, including identity, right to

work, enhanced DBS criminal record and barred list (and overseas where needed), references, and prohibition from teaching or managing in schools (s.128) etc. (see Keeping children safe in education part 3).

Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after
- Are missing or absent from education for prolonged periods and/or repeat occasions
- Whose parent/carers has expressed an intention to remove them from school to be home educated

KCSIE 2026 clarifies the provision within the Equalities Act and makes clear there is also a duty to make reasonable adjustments for disabled children and young people.

Extended school activities

Where the Governing Body provides services or activities directly under the supervision or management of school staff, the school's arrangements for child protection will apply. Where services or activities are provided separately by another body, the Governing Body will seek assurance in writing that the body concerned has appropriate policies and procedures in place to safeguard and protect children and that there are arrangements to liaise with the school on these matters where appropriate. Safeguarding requirements will be included in any lease or hire agreement as a condition of use; and any failure to comply will lead to termination of the agreement.

Should school receive an allegation relating to an incident where an individual or organisation is using school premises for running an activity for children, DSL should follow safeguarding policies and procedures and inform the local authority designated officer (LADO), as is practice with any safeguarding allegation

Safeguarding in the Curriculum

Children are taught about safeguarding in school. The following areas are among those addressed in PSHE and in the wider curriculum:-

- Bullying (including Cyberbullying)
- Drugs, alcohol and substance misuse (including awareness of County Lines and the Criminal Exploitation of children where appropriate)
- Online safety
- The danger of meeting up with strangers
- Fire and water safety
- Road safety
- Domestic Abuse

- Healthy Relationships / Consent
- (so called) Honour Based Abuse issues e.g. forced marriage, Female Genital Mutilation (FGM) (see Appendix 6),
- Sexual exploitation of children (CSE), including online
- Child criminal exploitation (including cybercrime)
- Preventing Extremism and Radicalisation (see Appendices 4 and 5)

Roles and Responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

The school plays a crucial role in preventative education. This is in the context of a whole-school approach to preparing pupils for life in modern Britain, and a culture of zero tolerance of sexism, racism, misogyny/misandry, homophobia, biphobia, sexual violence/harassment, derogatory behaviour or other forms of physical violence and conflict.

All staff

Read and understand at least part 1 of the Department for Education's statutory safeguarding guidance [Keeping Children Safe in Education](#) (KCSIE) in full, and review this guidance at least annually.

Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance

Reinforce the importance of online safety when communicating with parents and carers. This includes making parents and carers aware of what we ask children to do online (e.g. sites they need to visit or who they'll be interacting with online)

Provide a safe space for pupils who are LGBTQ+ to speak out and share their concerns

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff [behaviour policy/code of conduct], the role and identity of the designated safeguarding lead (DSL) and [deputy/deputies], the behaviour policy, and the safeguarding response to children who go missing from education
- Be aware of the school's unauthorised absence procedures and children missing education procedures
- The family help process and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation
- Understand family help and be prepared to identify and support children who may benefit from family help, to include children who are frequently missing/goes missing from education, home or care, has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in alternative provision or a pupil referral unit, has a parent or carer in custody or is affected by parental offending.
- The safeguarding issues that often overlap and can put children at risk of harm, including:
 - Drug taking and/or alcohol misuse
 - Unexplainable and/or persistent absences from education

- Serious violence, criminal exploitation (including that linked to county lines), radicalisation
- Consensual and non-consensual making or sharing of nudes or semi-nudes
- New and emerging threats, including online harm, grooming, sexual exploitation, criminal exploitation, radicalisation, and the role of technology and social media in presenting harm
- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- The fact that children can be at risk of harm inside and outside of their home, at school and online
- The fact that mental health can, in some cases, develop into safeguarding concerns. This could include self-harm, suicidal ideation or risk of suicide. They could also be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation
- That children who are (or who are perceived to be) lesbian, gay or bisexual can be vulnerable to discriminatory bullying
- The potential vulnerabilities of children who are questioning their gender
- That a child and their family may be experiencing multiple needs at the same time
- What to look for to identify children who need help or protection

Appendix 1 and 6 of this policy outline in more detail how staff are supported to do this.

The names of the Designated Safeguarding Leads for the current year are listed at the start of this document and displayed within central areas of the school.

Governing Body

In accordance with the statutory guidance “Keeping children safe in education” September 2026, the Governing Body will ensure that:-

- The school has a child protection/safeguarding policy, procedures and training in place which are effective and comply with the law at all times. The policy is made available publicly.
- All governors receive safeguarding training on induction which is regularly updated. This training will be appropriate to their role offering strategic challenge to the school.
- The school operates safer recruitment practices, including appropriate use of references and checks on new staff and volunteers. Furthermore, the Headteacher, a nominated Governor and other staff involved in the recruitment process have undertaken Safer Recruitment Training.
- There are procedures for dealing with allegations of abuse against members of staff and volunteers (including lower level concerns) (see Appendix 2).
- There is a senior member of the school’s leadership team who is designated to take lead responsibility for dealing with child protection (the “Designated Safeguarding Lead”) and there is always cover for this role with appropriate arrangements for before/after school and out of term time activities.
- The Designated Safeguarding Lead undertakes effective Local Authority training (in addition to basic child protection training) and this is refreshed every two years. In addition to this formal training, their knowledge and skills are updated at regular intervals (at least annually) via safeguarding e-briefings etc.
- The Headteacher, and all other staff and volunteers who work with children (including early years practitioners within settings on the school site), undertake appropriate training which is regularly updated (at least every three years in compliance with the LSCB protocol); and that new staff and volunteers who work with children are made aware of the school’s arrangements for child protection

and their responsibilities (including this policy and Part 1 of Keeping Children Safe in Education), the pupil behaviour policy, the staff behaviour policy (code of conduct), the role of the Designated Safeguarding Lead and how to respond to children who go missing from education). The Local Authority Induction leaflet, “Safeguarding in Education Induction – Child Protection Information, Safer Working Practice” will be used as part of this induction and Annex A from “Keeping children safe in education” September 2026 is provided to all staff working directly with children..

- Any deficiencies or weaknesses brought to the attention of the Governing Body will be rectified without delay.
- Chair of Governors (or, in the absence of a Chair, the Vice Chair) deals with any allegations of abuse made against the Headteacher, in liaison with the Local Authority Allegations Manager (LADO).
- Effective policies and procedures are in place and updated annually including a behaviour “code of conduct” for staff and volunteers. This code of conduct incorporates all the areas addressed in the [Working together to safeguard children 2026](#) Information is provided to the Local Authority (acting on behalf of the Safeguarding Children Partnership) through the Safeguarding Annual Return.
- There is an individual member of the Governing Body who will champion issues to do with safeguarding children and child protection within the school, liaise with the Designated Safeguarding Lead, and provide information and reports to the Governing Body.
- The school contributes to inter-agency working in line with statutory guidance [Working together to safeguard children 2026](#) including providing a co-ordinated offer of Early Help for children who require this. This Early Help may be offered directly through school provision or via referral to an external support agency. Safeguarding arrangements take into account the procedures and practice of the local authority and the Leicestershire and Rutland Safeguarding Children Partnership.
- Recognising the importance of information sharing between agencies through the statutory guidance provided within KCSiE 2026
- Ensure the school has a policy in respect of the use of restrictive interventions, including the use of reasonable force and which reflects that the adoption of a ‘no contact’ policy can leave staff unable to fully support and protect pupils
- Ensure the school has appropriate cyber security systems in place
- Ensure that the school has appropriate filtering and monitoring systems in place, and review their effectiveness at least once every academic year. This includes:
 - Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training
 - Ensuring that reviews should be carried out by the SLT member responsible for filtering and monitoring, with the support of the DSL and IT team. The review will include checks that filtering is working appropriately on all internet-connected devices in all relevant locations. A record of these checks will be kept
 - Reviewing the [DfE’s filtering and monitoring standards](#), and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards

All governors will read Keeping Children Safe in Education (KCSiE) in its entirety.

Headteacher

The Headteacher of the school will ensure that:

- The policies and procedures adopted by the Governing Body (particularly those concerning referrals of cases of suspected **abuse, neglect and exploitation**), are understood, and followed by **all** staff.
- Sufficient resources and time are allocated to enable the Safeguarding Lead and other staff to discharge their responsibilities, including taking part in strategy discussions and other inter-agency meetings, and contributing to the assessment of children;
- Where there is an allegation made against a member of staff (either paid or unpaid, including volunteers) that meets the criteria for a referral to the LADO, then the headteacher or principal will discuss the allegation immediately with the LADO (within 24 hours) and ensure that cases are managed as per Part Four: Allegations made against/Concerns raised in relation to teachers, including supply teachers, trainee teachers other staff, volunteers, and contractors in KCSiE 2026. If the allegation is against the Headteacher/Principal, then the Chair of the Governing Body will manage the allegation.
- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to children, and such concerns are addressed sensitively and effectively in a timely manner. The NSPCC whistle blowing helpline number is also available (0800 028 0285 [email: help@nspcc.org.uk](mailto:help@nspcc.org.uk)).
- All staff are made aware that they have an individual responsibility to pass on safeguarding concerns and that if all else fails to report these directly to Children's Social Care (Children's Services) or the Police.
- Communicating this policy to parents/carers when their child joins the school and via the school website
- Ensuring the relevant staffing ratios are met, where applicable
- Making sure each child in the Early Years Foundation Stage is assigned a key person
- Overseeing the safe use of technology, and devices like mobile phones and cameras in the setting

Designated Safeguarding Lead

The Designated Safeguarding Lead (or a Deputy) will always be available for staff to discuss any safeguarding concerns. The responsibilities of the DSL are found in Annex B of "Keeping children safe in education". The DSL is a senior member of staff on the senior leadership team and the role is explicit in their job description. Responsibilities include:

- **Managing referrals** – to the local authority children's social care, to the Channel programme, to the Disclosure and Barring Service for staff dismissed for safeguarding concerns (as required), to the Police where a crime may have been committed.

Working with others – to act as a source of support and advice, to act as a point of contact for the safeguarding partners, to liaise with the headteacher or principal about issues especially to do with ongoing enquiries under section 47 of the Children Act 1989 and police investigations, to liaise with staff when deciding to make a referral to relevant agencies so that children's needs are considered holistically, to liaise with the senior mental health lead, to promote supportive engagement with parents and carers, to take the lead in promoting educational outcomes for children in need and those with a social worker, to liaise with the Governing Body and the Local Authority on any deficiencies brought to the attention of the Governing Body and how these should be rectified without delay

Early help assessment

If an Early help assessment is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

We will discuss and agree, with statutory safeguarding partners, levels for the different types of assessment, as part of local arrangements.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

- **Information sharing and managing safeguarding records** – keeping records confidential, secure and up to date, in a separate record for each child, including a clear and comprehensive summary, detailing how the concern was followed up and resolved, with a note of actions, decisions and the outcome, sharing information as required to safeguard children and transferring records and other relevant information to the new school within 5 days or in advance if necessary
- **Raising Awareness** – ensuring each member of staff and volunteer understands the child protection policy which is reviewed at least annually, making it available publicly, ensuring staff and governors have access to relevant training and induction, promoting educational outcomes by sharing relevant information about vulnerable children
- **Training, knowledge and skills** – to undergo DSL training every two years (updating at least annually via bulletins etc) and to attend Prevent awareness training, in order to understand assessment and referral processes, to contribute effectively to child protection conferences including the importance of sharing information, to understand the lasting impact that adversity and trauma can have on children and how to respond to this, to be alert to children with specific needs eg SEND, those with health conditions and young carers, to understand the unique risks associated with online safety
- **Providing support to staff** – to help them feel confident on welfare, safeguarding and child protection matters, to provide support in the referral process if required and to help them to understand that safeguarding and educational outcomes are linked
- **Understanding the views of all children** – encouraging a culture of listening to all children (including those who are known to be disproportionately impacted by different forms of harm and abuse eg LGBT pupils, disabled children or girls) and taking account of their wishes and feelings in measures taken to protect them and understanding the difficulties children may have in approaching staff about their circumstances
- **Holding and sharing information** – sharing with safeguarding partners, other agencies and professionals and transferring records between schools and colleges in accordance with data protection legislation, keeping detailed, accurate and secure written records and understanding the purpose of this
- **Online safety**, and understanding filtering and monitoring processes on school devices and school networks to keep pupils safe online.

Confidentiality

Timely information sharing is essential to effective safeguarding

Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children

The Data Protection Act (DPA) 2018, Data (Use and Access) Act 2025, and UK GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe

If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; or if to gain consent would place a child at risk. Staff should refer to the DfE Data Protection guidance for schools (DfE, 2023 updated July 2026).

Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests

If a victim asks the school not to tell anyone about the sexual violence or sexual harassment:

- There's no definitive answer, because even if a victim doesn't consent to sharing information, staff may still lawfully share it if there's another legal basis under the UK GDPR that applies
- The DSL will have to balance the victim's wishes against their duty to protect the victim and other children
- The DSL should consider that:
 - Parents or carers should normally be informed (unless this would put the victim at greater risk)
 - The basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care
 - Rape, assault by penetration and sexual assault are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the police. While the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the police remains

Regarding anonymity, all staff will:

Be aware of anonymity, witness support and the criminal process in general where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system

Do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, for example, carefully considering which staff should know about the report, and any support for children involved

Consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities

The government's information sharing advice for safeguarding practitioners includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information

If staff are in any doubt about sharing information, they should speak to the DSL (or deputy)

Records, Monitoring and Transfer -

Well-kept records are essential to good child protection practice. All staff are clear about the need to record and report concerns about a child or children within the school and decisions made. Records of concerns are written down on Cpoms, tagged for the attention of the DSL group and sent immediately to the Designated Safeguarding Leads. The Designated Safeguarding Leads is responsible for such records and for deciding at what point these records should be passed over to other agencies (in accordance with the Data Protection Act 2018 and GDPR principles).

Records relating to actual or alleged abuse or neglect are stored apart from normal pupil or staff records (Cpoms). Normal records sometimes have markers to show that there is sensitive material stored elsewhere. This is to protect individuals from accidental access to sensitive material by those who do not need to know.

Child protection records are stored securely (Cpoms), with access confined to specific staff, eg the Designated Safeguarding Lead (and deputies) and the Headteacher.

Child protection records are reviewed regularly to check whether any action or updating is needed. This includes monitoring patterns of complaints or concerns about any individuals and ensuring these are acted upon. A case file chronology, summarizing case activity, helps to enable effective monitoring. Any actions taken are clearly indicated.

When children transfer school their safeguarding records are also transferred within 5 days of them starting. Safeguarding records will be transferred separately from other records and best practice is to pass these directly to a Designated Safeguarding Lead in the receiving school, with any necessary discussion or explanation and to obtain a signed and dated record of the transfer. This can also be done through Cpoms should the transfer school use the system. Where a child needs specific ongoing support, relevant information will be transferred prior to the child arriving at their new school. In the event of a child moving out of area and a physical handover not being possible then the most secure method should be found to send the confidential records to a named Designated Safeguarding Lead and a photocopy kept. Files requested by other agencies e.g. Police are copied.

When a student moves to or from the school, if there are issues or concerns, a conversation between DSLs from both settings is recommended as good practice.

Support to pupils and school staff

Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

Our school seeks to remove any barriers that may exist in being able to recognise abuse or neglect in pupils with Special Educational Needs or a disability. We will seek to provide such children with the necessary support to build their self-esteem and confidence, helping them to secure the very best educational outcomes they are able to achieve.

Support to pupils (including those with a disability or about whom there are mental health concerns)

Our school recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth and view their lives in a positive way and that this is likely to adversely impact their mental health and emotional well-being.

Children may be vulnerable because, for instance, they have needed an allocated social worker, have a disability, are in care, a care-leaver or previously looked after, or are experiencing some form of neglect. It is therefore important that staff recognize that mental health concerns can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood,

adolescence and into adulthood. For such children school may be one of the few stable, secure and predictable components of their lives. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action will be taken, following this policy and speaking to the designated safeguarding lead or a deputy.

Our school seeks to remove any barriers that may exist in being able to recognise **abuse, neglect, and exploitation** in pupils with Special Educational Needs, disabilities or physical health issues. These barriers include:-

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs, and
- communication barriers and difficulties in managing or reporting these challenges risks that they do not understand that what is happening to them is abuse,
- the need for intimate care or that these children are isolated from others,
- that these children are more likely to be dependent on adults for care, and
- cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.

Staff should consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place. Further information can be found in the DfE:

- [SEND Code of Practice 0 to 25 years](#), and [Supporting Pupils at School with Medical Conditions](#).

The context in which safeguarding incidents and/or behaviours occur, whether in school or within or outside the home (including online), will be considered by staff, particularly the DSL and Deputy DSLs. Any associated threats or risks will be included in assessments and relevant information included in referrals to Children's Social Care. General indicators of abuse and neglect (from Part 1 of the statutory guidance) are also included in Appendix 7 of this policy and further information about specific forms of abuse are contained within Appendix B of the statutory guidance, "Keeping Children Safe in Education".

Pupils who are lesbian, gay, bisexual or gender questioning

We recognise that pupils who are (or who are perceived to be) lesbian, gay, bisexual or gender questioning (LGBTQ+) can be targeted by other children.

We also recognise that LGBTQ+ children are more likely to experience poor mental health. Any concerns should be reported to the DSL.

When families/carers are making decisions about support for gender questioning pupils, they should be encouraged to seek clinical help and advice. This should be done as early as possible when supporting pre-pubertal children.

When supporting a gender questioning pupil, we will take a cautious approach as there are still unknowns around the impact of social transition, and a pupil may have wider vulnerability, such as complex mental health

and psychosocial needs, and in some cases, autism (ASD) and/or attention deficit hyperactivity disorder (ADHD).

We will also consider the broad range of their individual needs, in partnership with their parents/carers (other than in rare circumstances where involving parents/carers would constitute a significant risk of harm to the pupil). We will also include any clinical advice that is available and consider how to address wider vulnerabilities such as the risk of bullying.

Risks can be compounded where children lack trusted adults with whom they can be open. We therefore aim to reduce the additional barriers faced and create a culture where pupils can speak out or share their concerns with members of staff.

Support for Staff

As part of their duty to safeguard and promote the welfare of children and young people staff may hear information, either from the child/young person as part of a disclosure or from another adult, that will be upsetting. Where a member of staff is distressed as a result of dealing with a child protection concern, he/she should in the first instance speak to the Designated Safeguarding Lead about the support they require. The Designated Safeguarding Lead will seek to arrange the necessary support.

Working with parents/carers

The school will:

- Ensure that parents/carers have an understanding of the responsibility placed on the school and staff for child protection by setting out its obligations in the school prospectus.
- Undertake appropriate discussion with parents/carers and seek necessary consent prior to involvement of Children & Family Services (Children's Social Care) or another agency, unless to do so would place the child at risk of harm or compromise an investigation.

Training

All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures and online safety, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect.

This training will be regularly updated and will:

- Be integrated, aligned and considered as part of the whole-school safeguarding approach and wider staff training, and curriculum planning
- Be in line with advice from the 3 safeguarding partners
- Include online safety, including an understanding of the expectations, roles and responsibilities for staff around filtering and monitoring
- Have regard to the Teachers' Standards to support the expectation that all teachers:
 - Manage behaviour effectively to ensure a good and safe environment
 - Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates, including on online safety, as required but at least annually (for example, through emails, e-bulletins and staff meetings).

The DSL and Deputies

The DSL and Deputies will undertake child protection and safeguarding training at least every 2 years. In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments). They, or any other designated Prevent lead, will also undertake more in-depth Prevent awareness training, including on extremist and terrorist ideologies.

Governors

All governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This is to make sure that they:

- Have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge
- Can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

Safer Recruitment and selection process

The School has in place recruitment, selection, and vetting procedures in accordance with KCSiE 2026 Part Three and maintains a Single Central Record (SCR), which is reviewed regularly and updated in accordance with KCSiE 2026 Part Three paragraphs 209 to 355.

To make sure we recruit suitable people, we will ensure that those involved in the recruitment and employment of staff to work with children have received appropriate safer recruitment training.

We have put the following steps in place during our recruitment and selection process to ensure we are committed to safeguarding and promoting the welfare of children.

Advertising

When advertising roles, we will make clear:

- Our school's commitment to safeguarding and promoting the welfare of children
- That safeguarding checks will be undertaken
- The safeguarding requirements and responsibilities of the role, such as the extent to which the role will involve contact with children
- Whether or not the role is exempt from the Rehabilitation of Offenders Act 1974 and the amendments to the Exceptions Order 1975, 2013 and 2020. If the role is exempt, certain spent convictions and cautions are 'protected', so they do not need to be disclosed, and if they are disclosed, we cannot take them into account

Application forms

Our application forms will:

- Include a statement saying that it is an offence to apply for the role if an applicant is barred from engaging in regulated activity relevant to children (where the role involves this type of regulated activity)
- Include a copy of, or link to, our child protection and safeguarding policy and our policy on the employment of ex-offenders

Shortlisting

Our shortlisting process will involve at least 2 people and will:

- Consider any inconsistencies and look for gaps in employment and reasons given for them
- Explore all potential concerns

Once we have shortlisted candidates, we will ask shortlisted candidates to:

- Complete a self-declaration of their criminal record or any information that would make them unsuitable to work with children, so that they have the opportunity to share relevant information and discuss it at interview stage. The information we will ask for includes:
 - If they have a criminal history
 - Whether they are included on the barred list
 - Whether they are prohibited from teaching
 - Information about any criminal offences committed in any country in line with the law as applicable in England and Wales
 - Any relevant overseas information
- Sign a declaration confirming the information they have provided is true

We will also consider carrying out an online search on shortlisted candidates to help identify any incidents or issues that are publicly available online. Shortlisted candidates will be informed that we may carry out these checks as part of our due diligence process.

Seeking references and checking employment history

We will obtain references before interview. Any concerns raised will be explored further with referees and taken up with the candidate at interview.

When seeking references we will:

- Not accept open references
- Liaise directly with referees and verify any information contained within references with the referees
- Ensure any references are from the candidate's current employer and completed by a senior person. Where the referee is school based, we will ask for the reference to be confirmed by the headteacher/principal as accurate in respect to disciplinary investigations
- Obtain verification of the candidate's most recent relevant period of employment if they are not currently employed
- Secure a reference from the relevant employer from the last time the candidate worked with children if they are not currently working with children
- Compare the information on the application form with that in the reference and take up any inconsistencies with the candidate
- Resolve any concerns before any appointment is confirmed

Interview and selection

When interviewing candidates, we will:

- Probe any gaps in employment, or where the candidate has changed employment or location frequently, and ask candidates to explain this
- Explore any potential areas of concern to determine the candidate's suitability to work with children
- Record all information considered and decisions made

Pre-appointment vetting checks

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

When appointing new staff, we will:

Verify their identity

Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months

Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available

Verify their mental and physical fitness to carry out their work responsibilities

Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards

Verify their professional qualifications, as appropriate

Ensure they are not subject to a prohibition order if they are employed to be a teacher

Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent

We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

Regulated activity means a person who will be:

Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children on more than 3 days in a month or overnight is now in regulated activity; or

Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or

Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where: We believe the individual has engaged in [relevant conduct](#); or

The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#); or

The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and

The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract).

This will be:

An enhanced DBS check with barred list information for contractors engaging in regulated activity

An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

All governors will also have a section 128 check (as a section 128 direction disqualifies an individual from being a maintained school governor).

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Other Relevant Policies

The Governing Body's statutory responsibility for safeguarding the welfare of children goes beyond simply child protection. The duty is to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, for instance:

- Behaviour Policy
- Staff Code of Conduct ("Guidance for Safer working practice")

- Racist incidents
- Anti-Bullying (including Cyberbullying)
- Physical Interventions/Restraint (DfE Guidances “Use of Reasonable Force” and “Screening, searching and confiscation”)
- Special Educational Needs and Disability
- Educational visits
- Work experience and extended work placements
- First aid and the administration of medicines
- Health and Safety
- Relationships Education, Relationships and Sex Education and Health Education Site Security
- Equal Opportunities
- Toileting/Intimate care
- Online safety
- Artificial Intelligence
- Extended school activities
- Privacy notices

The above list is not exhaustive but when undertaking development or planning of any kind the school will consider the implications for safeguarding and promoting the welfare of children.

APPENDIX 1

PROCEDURE TO FOLLOW IN CASES OF POSSIBLE, ALLEGED OR SUSPECTED ABUSE, OR SERIOUS CAUSE FOR CONCERN ABOUT A CHILD

Contents

A	General	
B	Individual Staff/Volunteers/Other Adults - main procedural steps	
C	Designated Safeguarding Lead – main procedural steps	

A. General

- 1) The Leicestershire and Rutland Safeguarding Children Partnership Procedures contain the inter-agency processes, protocols and expectations for safeguarding children. (Available on the website www.lrsb.org.uk: The Designated Safeguarding Lead is expected to be familiar with these, particularly the indicators of abuse and neglect and the referral processes.
- 2) It is important that all parties act swiftly and avoid delays.
- 3) Any person may seek advice and guidance from the First Response Children's Duty Professionals Consultation Line, particularly if there is doubt about how to proceed. Any adult, whatever their role, can take action in his/her own right to ensure that an allegation or concern is investigated and can report to the investigating agencies.
- 4) A record, dated (including the day and time) and signed, must be made as to what has been alleged, noticed and reported, and kept securely and confidentially.
- 5) In many cases of concern there will be an expectation that there have already been positive steps taken to work with parents and relevant parties to help alleviate the concerns and effect an improvement for the child. This is appropriate where it is thought a child may be in need in some way, and require assessment to see whether additional support and services are required. An example might be where it is suspected a child may be the subject of neglect. In most cases the parents' knowledge and consent to the referral are expected, unless there is reason for this not being in the child's interest. However, there will be circumstances when informing the parent/carer of a referral might put the child at risk and/or undermine Police enquiries, and in individual cases, advice from Children's Social Care will need to be taken.

B. Individual Staff/Volunteers/Other Adults – main procedural steps

- 1) When a child makes a disclosure, or when concerns are received from other sources, do not investigate, ask leading questions, examine or photograph children, or promise confidentiality. Children making disclosures should be reassured and if possible at this stage should be informed what action will be taken next.
- 2) As soon as possible record and send to DSL on Cpoms on what has been disclosed or noticed, said or done. If not on cpoms write a dated, timed and signed note of and report to the Designated Safeguarding Lead in the school.
- 3) If the concern involves the conduct of a member of staff or volunteer, a visitor, a governor, a trainee or another young person or child, the Headteacher must be informed.
- 4) If the allegation is about the Headteacher, the information should normally be passed to the Chair of Governors or the Local Authority Allegations Manager (LADO).

- 5) If this has not already been done, inform the child (or other party who has raised the concern) what action you have taken.
- 6) If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.
- 7) Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

C. Designated Safeguarding Lead – main procedural steps

Figure 1 below, illustrates the procedure to follow if you have any concerns about a child's welfare.

- 1) Begin a Cpoms incident log and actions which will hold a record of communications and actions to be stored securely (see Section on Records, Monitoring and Transfer).
- 2) Where initial enquiries do not justify a referral to the investigating agencies, inform the initiating adult and monitor the situation. If in doubt, seek advice from the First Response professionals Consultation line.
- 3) Share information confidentially with those who need to know.
- 4) Where there is a child protection concern requiring immediate, same day, intervention from Children's Social Care, the First Response Children's Duty should be contacted by phone. Written confirmation should be made within 24 hours on the Multi-Agency Referral Form to Children's Social Care. All other referrals should be made using the online form (see link <http://lrsb.org.uk/childreport>).
- 5) If the concern is about children using harmful sexual behaviour, refer to the separate guidance, "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance).
- 6) If it appears that urgent medical attention is required arrange for the child to be taken to hospital (normally this means calling an ambulance) accompanied by a member of staff who must inform medical staff that non-accidental injury is suspected. Parents must be informed that the child has been taken to hospital.
- 7) Exceptional circumstances: If it is feared that the child might be at immediate risk on leaving school, take advice from the First Response Professionals Consultation line (for instance about difficulties if the school day has ended, or on whether to contact the police). Remain with the child until the Social Worker takes responsibility. If in these circumstances a parent arrives to collect the child, the member of staff has no right to withhold the child, unless there are current legal restrictions in force (eg a restraining order). If there are clear signs of physical risk or threat, First Response Children's Duty should be updated and the Police should be contacted immediately.

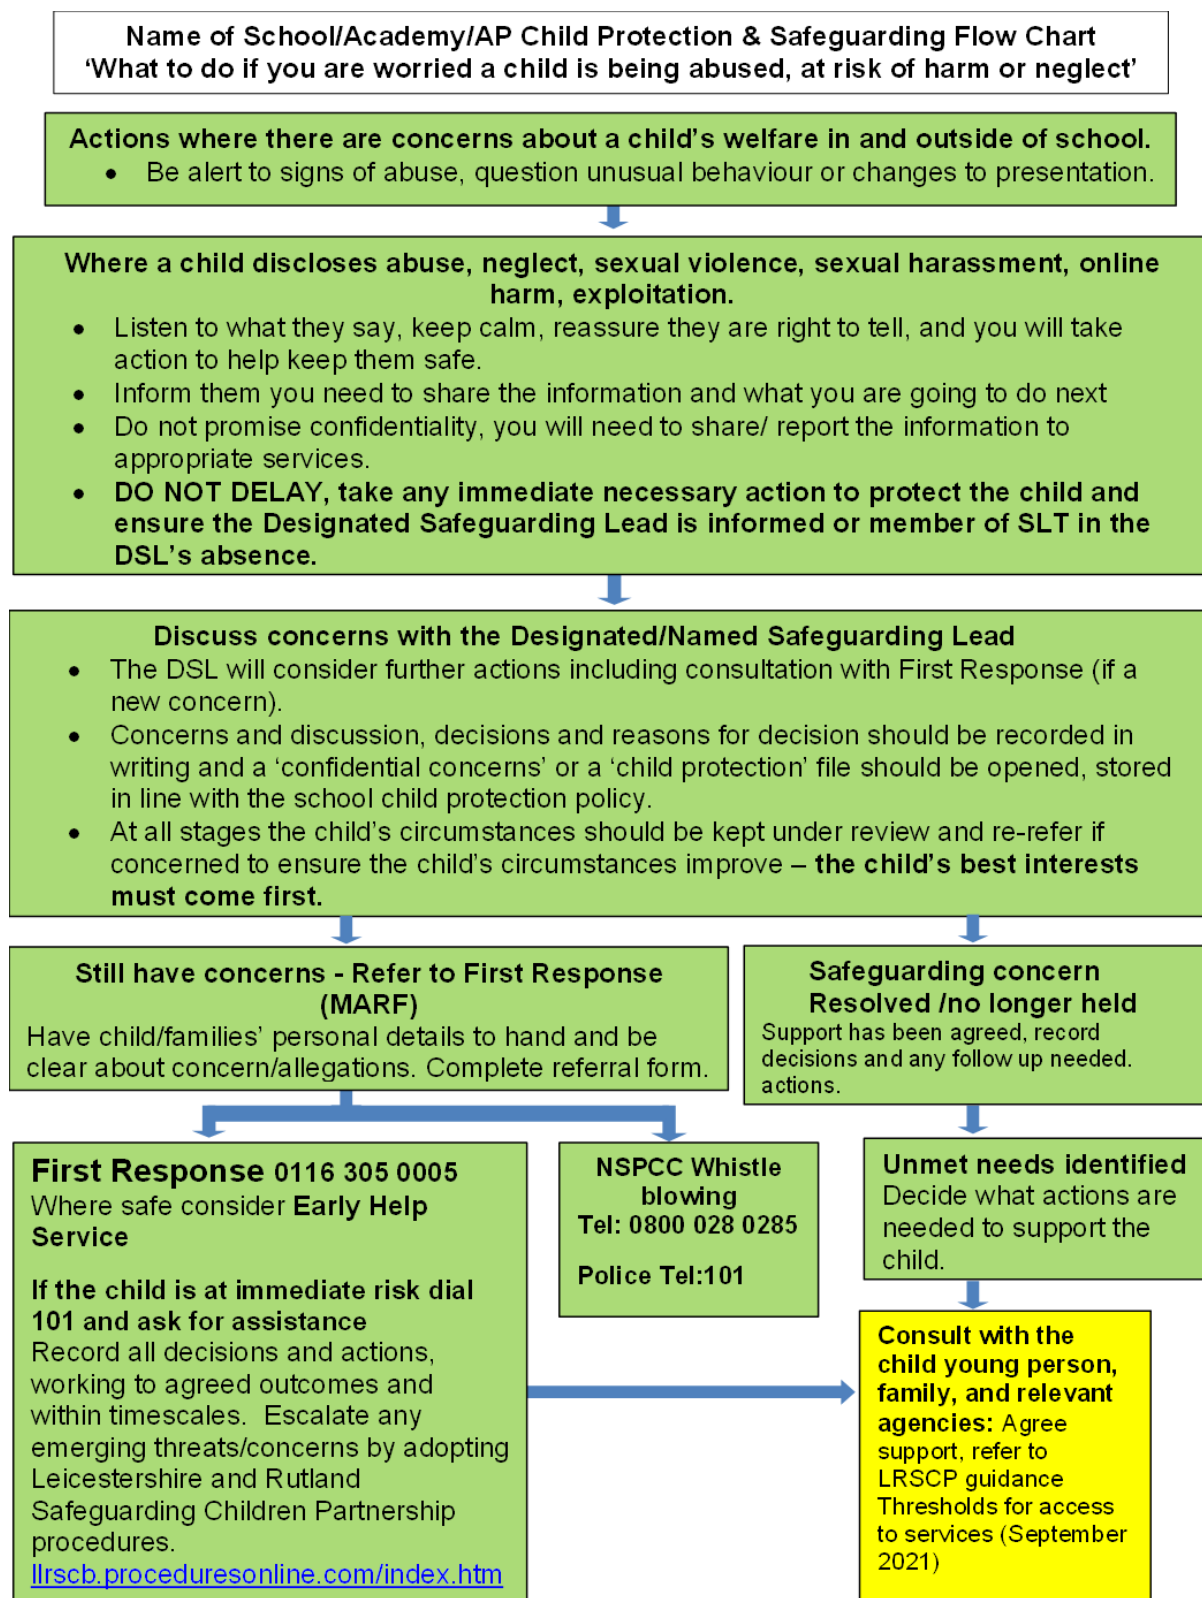

Early help assessment

If an early help assessment is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

We will discuss and agree, with statutory safeguarding partners, levels for the different types of assessment, as part of local arrangements.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

Contacts: For any allegations/concerns regarding an adult who works with (in either paid/voluntarily) employment with children contact the LA Designated Officer (LADO) CFS-LADO@leics.gov.uk Outside of office hours, contact the First Response Children's Duty Team: 0116 305 0005
LA Safeguarding and Compliance Lead Charlotte.Davis@leics.gov.uk 0116 305 7750

This flow chart is a brief guide - Please refer to our School Child Protection Policy.

APPENDIX 2

PROCESS FOR DEALING WITH ALLEGATIONS AGAINST STAFF (INCLUDING HEADTEACHERS) SUPPLY TEACHERS, VOLUNTEERS AND CONTRACTORS

These procedures should be followed in all cases in which there is an allegation or suspicion that a person working with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children.
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation. There is also a school “Low-level concerns policy” which should be followed if the concern does not meet the allegations threshold above or is not considered serious enough to make a referral to the LADO.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Relevant documents:

- DfE “Keeping children safe in education: Statutory guidance for schools and colleges” (part 4: Allegations made against/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors)

1) Individual Staff/Volunteers /Other Adults who receive the allegation:

- i. Write and sign a dated and timed note of what has been disclosed or noticed, said or done.
- ii. Report immediately to the Headteacher.
- iii. Pass on the written record.
- iv. If the allegation concerns the conduct of the Headteacher, report immediately to the Chair of Governors. Pass on the written record. (If there is difficulty reporting to the Chair of Governors, contact the Allegations Manager (LADO), Safeguarding and Performance Unit as soon as possible.)

2) Headteacher (or Chair of Govenors)

- i. If there is no written record, write and sign a dated and timed note of what has been disclosed or noticed, said or done.
- ii. Before taking further action notify and seek advice from the Allegations Manager (LADO), Safeguarding and Improvement Unit on the same day.
- iii. You may be asked to clarify details or the circumstances of the allegation, but this must not amount to an investigation.

- iv. Report to First Response Children's Duty if the Allegations Manager (LADO) so advises or if circumstances require a referral concerning a child.
- v. Ongoing involvement in cases:
 - Liaison with the Allegations Manager (LADO)
 - Co-operation with the investigating agency's enquiries as appropriate.
 - Consideration of employment issues and possible disciplinary action where the investigating agencies take no further action.
 - Possible referral to the DBS or The Teaching Regulation Agency, depending on the outcome.

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the headteacher (or chair of governors where the headteacher is the subject of the allegation) – the 'case manager' – will take the following steps: Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies

Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate

If immediate suspension is considered necessary, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details

If it is decided that no further action is to be taken in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation

If it is decided that further action is needed, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate

Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.

Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice

Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)

Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

Early years providers

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the local authority will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Suspension of the accused until the case is resolved

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

Redeployment within the school so that the individual does not have direct contact with the child or children concerned

Providing an assistant to be present when the individual has contact with children

Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children

Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted

Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the local authority

Definitions for outcomes of allegation investigations

Substantiated: there is sufficient evidence to prove the allegation

Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive

False: there is sufficient evidence to disprove the allegation

Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

Unfounded: to reflect cases where there is no evidence or proper basis which supports the allegation being made

Additional considerations for supply staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as supply staff provided by an agency, we will take the actions below in addition to our standard procedures.

We will not decide to stop using a supply teacher due to safeguarding concerns without finding out the facts and liaising with our local authority designated officer to determine a suitable outcome

The governing board will discuss with the agency whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the school, while the school carries out the investigation

We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the local authority designated officer as required

We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required. If they think that the individual has engaged in conduct that has harmed (or is likely to harm) a child, or if they think the person otherwise poses a risk of harm to a child, they must make a referral to the DBS.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Low-level Concerns Policy

Purpose

This policy sets out a framework whereby staff are expected to report concerns, no matter how small, about their own behaviour or that of another member of staff, volunteer, supply teacher, contractor or other person working in school. Its purpose is to help create and embed a culture of openness, trust and transparency in which the clear values and expected behaviour set out in the “Guidance for safer working practice for those working with children and young people in education settings” (Feb 2022) (sometimes called the safeguarding code of conduct) are lived, monitored, and reinforced.

The policy should be read in conjunction with the current statutory guidance – “Keeping Children Safe in Education” Part 4, Section 2.

Who does the policy apply to?

This policy applies to all staff and other individuals who work or volunteer in school.

Definition of a low-level concern

A low-level concern is any concern, no matter how small, even if no more than causing a sense of unease or a ‘nagging doubt’, that a person working in or on behalf of the school may have acted in a way that:

- is inconsistent with the “Guidance for safer working practice” (Feb 2022), including inappropriate conduct outside of work, and
- does not meet the allegations threshold or is otherwise not considered serious enough to make a referral to the LADO

Reporting low-level concerns

Where a low-level concern has been identified this will be reported as soon as possible to the **headteacher**. However, it is never too late to share a low-level concern if this has not already happened.

Where the headteacher is not available, the information will be reported to the Designated Safeguarding Lead or Deputy (ie the most senior member of SLT acting in this role).

Low-level concerns about the Designated Safeguarding Lead will be reported to the headteacher and those about the headteacher will be reported to the Chair of Governors.

Where the low-level concern has been reported to the Designated Safeguarding Lead, they will inform the headteacher of the details as soon as possible. A low-level concern about a supply teacher or contractor will be reported to their employer.

Recording concerns

A summary of the low-level concern should be written down, signed, timed, dated and shared by the person bringing the information forward.

Where concerns are reported verbally to the headteacher a record of the conversation will be made by the headteacher which will be signed, timed, and dated.

Responding to low-level concerns

Where a low-level concern has been raised this will be taken seriously and dealt with promptly. The headteacher will:

- Speak to the person reporting the concern to gather all the relevant information
- Speak to the individual about the concern raised to ascertain their response, unless advised not to do so by the LADO or Police (HR advice may also need to be taken).
- Where necessary further investigation will be carried out to gather all relevant information. This may involve speaking to any potential witnesses.
- The information reported and gathered will then be reviewed to determine whether the behaviour,

- i) is consistent with the “Guidance for safer working practice for those working with children and young people in education settings” (Feb 2022): no further action will be required,
 - ii) constitutes a low-level concern: no further action is required, or additional training/guidance/support may be required to rectify the behaviour via normal day to day management processes. The employee should understand that failure to improve or a repeat of the behaviour may lead to further action being taken, e.g. either via the Performance Management Policy or Disciplinary Policy.
 - iii) is serious enough to consult with or refer to the LADO: a referral should be made to the LADO and advice taken from HR. In this case the school’s Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
 - iv) when considered with any other low-level concerns that have previously been raised about the same individual, should be reclassified as an allegation and referred to the LADO or Police: a referral should be made to the LADO and advice taken from HR. In this case the school’s Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
- Records will be made of, i) all internal conversations including any relevant witnesses, ii) all external conversations eg with the LADO iii) the decision and the rationale for it, iv) any action taken

Can the reporting person remain anonymous?

The person bringing forward the concern will be named in the written record. Where they request to remain anonymous this will be respected as far as possible. However, there may be circumstances where this is not possible e.g. where a fair disciplinary investigation is needed or where a later criminal investigation is required.

Should staff report concerns about themselves (i.e. self-report)?

It may be the case that a person finds themselves in a situation which could be misinterpreted, or might appear compromising to others; or they may have behaved in a manner which on reflection they consider falls below the standard set out in the “Guidance for safer working practice”. In these circumstances they should self-report. This will enable a potentially difficult situation to be addressed at an early opportunity if necessary.

Where behaviour is consistent with the “Guidance for safer working practice” (Feb 2022)

Feedback will be given to both parties to explain why the behaviour was consistent with the “Guidance for safer working practice”.

Should the low-level concerns file be reviewed?

The records will be reviewed periodically, and whenever a new low-level concern is added, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and referred to the LADO if required. A record of these reviews will be retained.

References

Low-level concerns will not be included in references unless a low-level concern, or group of concerns, has met the threshold for referral to the LADO and found to be substantiated.

What is the role of the Governing Body?

The headteacher will regularly inform the Governing Body about the implementation of the low-level concerns policy including any evidence of its effectiveness eg with relevant data. The Safeguarding Governor may also review an anonymised sample to ensure that these concerns have been handled appropriately.

APPENDIX 4

Cameras and Mobile Phones

To ensure the safety and welfare of the children in our care this policy outlines the protocol for the use of personal mobile phones and cameras in the school.

- All staff must ensure that their mobile phones, personal cameras and recording devices are stored securely during working hours on school premises or when on outings. (This includes visitors, volunteers and students)
- Mobile phones must not be used in any teaching area in school or within toilet or changing areas
- Only school equipment should be used to record classroom activities unless approved by the Headteacher.
- During school outings nominated staff will have access to a mobile which can be used for emergency or contact purposes
- All telephone contact with parents or carers must be made on the school phone
- Parents or carers are permitted to take photographs of their own children during a school production or event. The school protocol requires that photos of other people's children are not published on social networking sites such as Facebook.

APPENDIX 5

Safeguarding pupils who are susceptible to extremism and radicalisation

Our school recognises the duties placed on us by the Counter Terrorism Bill (July 2015) to prevent our pupils being drawn into terrorism.

These include:

- Assessing the risk of pupils being drawn into terrorism (see Appendix 5)
- Working in partnership with relevant agencies under the LSCB procedures
- Appropriate staff training
- Appropriate online filtering

Our school is committed to actively promoting the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs; the pupils are encouraged to develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain.

There is a current threat from terrorism in the UK and this can include the exploitation of vulnerable young people, aiming to involve them in terrorism or to be active in supporting terrorism.

Our school seeks to protect children and young people against the messages of all violent extremism including but not restricted to those linked to Islamic Ideology, Far Right / Neo Nazi / White Supremacist ideology etc. Concerns should be referred to the Single Point Of Contact (SPOC) (usually a Designated Safeguarding Lead or Headteacher) who have local contact details for Prevent and Channel referrals. They will also consider whether circumstances require Police to be contacted

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups

Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces

Terrorism is an action that:

- Endangers or causes serious violence to a person/people;
- Causes serious damage to property; or
- Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include the police or [Channel](#), the government's programme for identifying and supporting individuals at risk of becoming involved with or supporting terrorism, or the local authority children's social care team.

The DfE also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group

➤ See or hear something that may be terrorist-related

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

APPENDIX 6

Radicalisation and Extremism Risk Assessment

St Cuthbert's CE Primary School

	Yes/No	Evidence
Does the school have a policy?	No	
Does the school work with outside agencies on radicalisation and extremism e.g. Channel?	No	
Have staff received appropriate training?	Yes	August 2026 Head teacher
Has the school got a trained Prevent lead?	Yes	Headteacher
Do staff know who to discuss concerns with? (Single point of contact - SPOC)	Yes	
Is suitable filtering of the internet in place?	Yes	
Do children know who to talk to about their concerns?	Yes	
Are there opportunities for children to learn about radicalisation and extremism?	No	
Have any cases been reported?	No	
Are individual pupils risk assessed?	No	
What factors make the school community potentially vulnerable to being radicalised? (e.g. EDL local base, extreme religious views promoted locally, tensions between local communities, promotion of radical websites by some pupils/parents)	Proximity to Oadby & Leicester	
Comment on the school's community, locality and relevant history N/A		
Risk evaluation	Low	Continue to train staff and keep up to date with developments

Date completed:

Signed.....

APPENDIX 7

Recognising abuse and taking action

All staff are expected to be able to identify and recognise all forms of abuse, neglect and exploitation and shall be alert to the potential need for early help for a child who:

- Has a disability or has certain health conditions and has specific additional needs
- Has special educational needs (whether or not they have a statutory education health and care (EHC) plan)
- Is a young carer
- Is bereaved
- Is showing signs of being drawn into anti-social or criminal behaviour, including being affected by gangs and county lines and organised crime groups and/or serious violence, including knife crime
- Is frequently missing/goes missing from education, care or home
- Is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
- Is at risk of being radicalised or exploited
- Is viewing problematic and/or inappropriate online content (for example, linked to violence), or developing inappropriate relationships online
- Is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- Is misusing drugs or alcohol
- Is suffering from mental ill health
- Has returned home to their family from care
- Is at risk of so-called 'honour'-based abuse such as female genital mutilation (FGM) or forced marriage
- Is a privately fostered child
- Has a parent or carer in custody or is affected by parental offending
- Is missing education, or persistently absent from school, or not in receipt of full-time education
- Has experienced multiple suspensions and is at risk of, or has been permanently excluded

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue. Please note – in this and subsequent sections, you should take any references to the DSL to mean “the DSL (or deputy DSL)”.

Child on child abuse - We recognise that children sometimes display harmful behaviour themselves and that even if there are no reports, it may still be happening. Incidents or allegations will be referred on for appropriate support and intervention. Such abuse is unacceptable and will not be tolerated at all or passed off as “banter”, “just having a laugh” or “part of growing up”. This abuse could for example include sexual violence and sexual harassment, “upskirting”, initiation/hazing type violence, all forms of bullying, abuse in intimate relationships between peers, consensual and non-consensual sharing of indecent images, causing someone to engage in sexual activity without consent and physical violence (eg hitting, kicking, shaking, biting, hair pulling, etc). This may be experienced by both boys and girls, however, girls are more likely to be the victims and boys perpetrators. Some pupils may be more at risk of harm from specific issues such as sexual violence, homophobic, biphobic or transphobic bullying or racial discrimination. We will therefore take positive action to create a culture of support and to ensure that girls and vulnerable groups such as LGBT and pupils from ethnic minority backgrounds feel confident to bring forward any concerns and have a safe space to talk to trusted staff about their experiences. There are different school and local authority or Safeguarding Children Partnership

guidances and policies which detail the school's procedures to address and minimise these concerns including;

1. Pupil Behaviour Policy
2. Anti-bullying Policy
3. E-safety/Online safety Policy
4. "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance)
5. DfE guidance "Sexual violence and sexual harassment between children in schools and colleges" of "Keeping children safe in education".

All children will be encouraged to report to a trusted adult in school all incidents of child on child abuse wherever it may have happened and will be taught about alternative ways of doing this both in school and elsewhere eg via a "worry box" or online form. They will always be taken seriously and never given the impression that they are creating a problem by reporting their concern or made to feel ashamed. It is recognised that even where no reports are received, this does not mean that such abuse is not taking place. It could just be that it has not been reported. Where an incident has occurred or specific risks are identified, the details will be added to a safeguarding or behaviour record for the children concerned and a thorough investigation conducted by the DSL, where appropriate. A written risk assessment will be undertaken by the DSL in order to minimise the risk of further harm and to ensure the safety of all staff and pupils. Parents or carers of the children involved will be informed as soon as it is appropriate to do so. Support plans will be written and help offered, by different adults in school (to avoid a possible conflict of interest), to the alleged victim, the child or young person accused and any other children involved. A referral to any relevant outside agency will be made eg Police or Social Care. Detailed guidance and procedures are included in the linked guidance and school policies listed above.

The following steps will be taken to minimise the risk of child on child abuse:

- Staff training to ensure an understanding of what it is and how to recognise signs
- Promotion of a supportive environment by teaching about acceptable and unacceptable behaviours (including online) in both assemblies and the wider curriculum eg RSHE
- Clear procedures put in place to govern the use of mobile phones in school

Appropriate staff supervision of pupils and identifying locations around the school site that are less

Child on child sexual harassment and sexual violence

The school has a zero-tolerance approach to sexual harassment and sexual violence. Abuse will never be tolerated or seen as banter, just having a laugh or part of growing up.

All staff must have 'it could happen here approach'.

Forms of child-on-child **sexual harassment and sexual violence** can be:

- harmful sexual behaviour, sexual violence and sexual harassment – which may include misogyny/misandry.
- consensual and non-consensual making or sharing of nudes and semi nudes, including those generated using AI.
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party,
- upskirting (which is a criminal offence⁴⁴), which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm, and
- initiation/hazing type violence and rituals.

Disclosures or concerns about HSB must be reported immediately to the DSL following the reporting procedures. [The Hackett continuum](#) will be used to measure the behaviour.

Records will be recorded on Cpoms safeguarding system.

All children involved in an incident will be seen as victims.

The school will, if necessary, seek advice from a safeguarding partner or refer to resources from the [Centre of Expertise on Child Sexual Abuse](#).

In some cases, such as one of incidents or HSB or sexual harassment, it may be appropriate for the school or college to manage the situation internally.

In some cases, the school will have a statutory duty to refer the incident to the police and/or social care. Where a report of rape, assault by penetration or sexual assault is made, the starting point is that this should be passed on to the police. Whilst the age of criminal responsibility is ten, if the alleged perpetrator(s) is under ten, the starting principle of reporting to the police remains. The police will take a welfare, rather than a criminal justice, approach. The following advice may help schools and colleges decide when to engage the Police and what to expect of them when they do.

The school will seek to protect children's anonymity.

Risk and needs assessments will be put in place.

- visible and may present more risk to pupils

Online safety – We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, racism, misogyny, self-harm, suicide, antisemitism, radicalisation, extremism, misinformation, disinformation (including fake news) and conspiracy theories
- **Contact** – being subjected to harmful online interaction with other users or generative AI applications that simulate this, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images including those generated using AI and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

To meet our aims and address the risks above, we will:

- Educate pupils about online safety as part of our curriculum. For example:
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online

- How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring. All staff members will receive refresher training as required and at least once each academic year
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will not take pictures or recordings of pupils on their personal phones or cameras without consent and monitoring by the headteacher
 - Our school is a mobile free environment for pupils: this includes between lessons, breaktimes and lunchtime. Anything other than this is by exception only by applying to the Headteacher/DSL.
 - Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
 - Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
 - Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the [DfE's guidance on searching, screening and confiscation](#)
 - Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems.
 - Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community
 - Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively
 - Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly
 - review and discuss the standards with the leadership team, IT staff and service providers to ensure the school/college meets the standard published by the [Department for Education filtering and monitoring standards](#).

This section summarises our approach to online safety and mobile phone use. For full details about our school's policies in these areas, please refer to our online safety policy and Data protection policy which can be found on our website

Artificial intelligence (AI)

Generative artificial intelligence (AI) tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Gemini.

St Cuthbert's recognises that AI has many uses, including enhancing teaching and learning, and in helping to protect and safeguard pupils. However, AI may also have the potential to facilitate abuse (e.g. bullying and grooming) and/or expose pupils to harmful content. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

St Cuthbert's will treat any use of AI to access harmful content or bully pupils in line with this policy and our [anti-bullying/behaviour/ artificial intelligence] policy.

Staff should be aware of the risks of using AI tools whilst they are still being developed and should carry out risk assessments for any new AI tool being used by the school. Our school's requirements for filtering and monitoring also apply to the use of AI, in line with Keeping Children Safe in Education.

Curriculum

Planned PSHE and Relationships, Sex and Health Education will include personal privacy, respect and consent so that children will have a better understanding of how to behave towards their peers including online. This will be taught alongside other safeguarding issues as set out in the DfE statutory guidance "Relationships Education, Relationships and Sex Education (RSE) and Health Education". This will be appropriate to pupils' age and stage of development. It will also be underpinned by the school's behaviour policy and pastoral support system.

Responding to an incident

- School will follow the DfE guidance on 'Child-on child sexual violence and sexual harassment', in Part 5 of "Keeping children safe in education".
- We will liaise with the police, social care and parents as appropriate.
- We will offer support to both the victim(s) and perpetrator(s). Parents will be included in discussions about the format that this support will take.

Children who are absent from education

A child being absent from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may be absent or become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who are absent from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being absent, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE) are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The victim may have been criminally exploited even if the activity appears consensual.

CSE and CCE can affect both males and females and can include children who have been moved (trafficked) for the purpose of exploitation. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted - exploitation, as well as being physical, can be facilitated and/or take place online. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser- Most sexual abuse is committed by individuals known to the victim.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. CSE can include 16 and 17 year olds who can legally consent to sex but they may not realise they are being exploited eg they believe they are in a genuine romantic relationship.

A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point or are targeted by criminals involved in the illegal supply of drugs (County Lines) and serious violent crime. 'County Lines' involves drug networks or individuals exploiting children and young people into carrying drugs and money between cities, towns and villages. Serious violent crime can be associated with this form of criminal activity together with child sexual exploitation. Children may also be exploited into committing cybercrime or money laundering offences and organised criminal groups or individuals may exploit children and young people with enhanced computer skills to access digital networks and/or data for criminal and financial gain. Children with bank accounts may be persuaded to allow criminals to use their banking facilities to launder money. CCE can also involve working in cannabis factories, shoplifting or pickpocketing and may involve coercing children to commit vehicle crime or serious violence towards others. It is important to note that the experience of girls can be very different to that of boys but girls are also at risk. Child Criminal exploitation is broader than just county lines and includes for instance children forced to work on cannabis farms, to commit theft, shoplift or pickpocket, or to threaten other young people.

Criminal exploitation of children is a form of harm that can affect children in both a physical environment and online. Criminal exploitation often happens alongside sexual or other forms of exploitation. Staff training includes raising awareness of these issues and any concerns are passed to the Designated Safeguarding Lead who will make a risk assessment and refer to Local Authority First Response Children's Duty if appropriate.

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Serious violence – is associated with a number of risk indicators in children including increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, signs of assault or unexplained injuries. Staff will be made aware of these and of the other risk factors which increase the likelihood of involvement in serious violence, including, being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending such as theft or robbery. Staff training will raise awareness to these risks and any concerns will be passed to the Designated Safeguarding Lead to co-ordinate a safeguarding response.

So-called 'honour-based' abuse

(HBA) encompasses crimes which have been committed to protect or defend the so-called “honour” of the family and/or the community, including Female Genital Mutilation (FGM) forced marriage, and practices such as breast ironing. All forms of so called HBA are abuse (regardless of the motivation) and concerns will be passed to the Designated Safeguarding Lead for onward referral as required.

Modern slavery and human trafficking –

can take on many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Children may be trafficked into the UK from abroad or moved around the country. Staff need to be aware of indicators which include, but not limited to, neglect, isolation, poor living conditions, having few personal belongings and a lack of trust and reluctance to seek help. Staff will refer any concerns to the DSL without delay who will take action and also refer victims to the National Referral Mechanism (www.gov.uk).

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority’s designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmufco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Private fostering arrangements - Where a child under 16 (or 18 with a disability) is living with someone who is not their family or a close relative for 28 days or more, staff inform the Designated Safeguarding Lead so that a referral to Children’s Social Care for a safety check, can be made. (A close relative includes step-parent, grandparents, uncle, aunt or sibling).

Mental health concern- Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. For such children school may be one of the few stable, secure and predictable components of their lives.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps of reporting to a DSL

If you have a mental health concern that is not also a safeguarding concern, speak to the SENDCo to agree a course of action.

Domestic Abuse including where they see, hear or experience its effects.

Can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn. Staff will refer concerns to the DSL and where the police have attended an incident of domestic abuse and school receive an “Operation Encompass” call, any pupil who may have been impacted will be supported.

Police must notify a school of a domestic abuse incident where a child is involved, has witnessed or been present, lives at (or is linked to) the address where it occurred, or where a Child Concern Notification has been issued, regardless of whether the child was there at the time. The police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. This notification should reflect the ‘voice of the child’ (for example, statements made the child or behaviour observed). This is the procedure set out in the statutory Operation Encompass guidance for [information sharing](#).

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child’s welfare.

The DSL and deputies will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children’s social care.

Pupils with medical conditions

An incident relating to the management of a child’s medical condition (including allergies) does not itself warrant a referral to local safeguarding partners.

A safeguarding referral will be made where an incident highlights concern that the child might be at an increased risk of being neglected, abused or exploited by persons inside or outside of their family because of their medical condition. For example, information about the child’s medical condition might be withheld from the school, or the child may be repeatedly sent to school without essential medication, putting them at risk.

Young carers

The school recognises that caring responsibilities can impact on a child’s attendance, attainment, behaviour and wellbeing, and early identification is essential to ensure young carers receive support at the right time and by the appropriate services including additional support from external partners, or local authority and health service.

Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child’s experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil’s safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).

The designated teacher is Miss White (Early Years Lead) who appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans.

Early help

If Family help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Complaints or concerns raised by parents or pupils will be taken seriously and followed up in accordance with the school's complaints process.

Children who are questioning their gender

The school recognises that some children and young people may question their gender. We are committed to providing a safe, supportive, respectful and inclusive environment for all pupils, while ensuring that safeguarding and the welfare of the child remain paramount.

In accordance with Keeping Children Safe in Education 2026, the school will adopt a safeguarding-led approach when responding to any child who is questioning their gender. Decisions will be made on an individual basis, taking account of the child's age, developmental stage, **wishes and feelings**, wider vulnerabilities, educational needs, mental health, neurodiversity, family circumstances and the rights and wellbeing of other children. The child's best interests will always be the primary consideration.

The school will not initiate social transition. Where a child or parent/carer requests changes relating to social transition, including changes to name, pronouns, appearance or how a child is treated within the school community, these matters will be considered through the school's safeguarding procedures and under the leadership of the Designated Safeguarding Lead (DSL). Any decisions will be carefully assessed, recorded and reviewed.

Parents and carers will be involved in the vast majority of cases. The school will only consider delaying or limiting parental involvement where there is reasonable cause to believe that doing so is necessary to protect the child from a risk of significant harm. In such circumstances, the DSL will seek appropriate safeguarding advice and take action in accordance with child protection procedures.

The school acknowledges that children who are questioning their gender may have additional vulnerabilities or complex needs and may benefit from appropriate health, social care or other professional involvement. The school will work collaboratively with families and relevant agencies where appropriate to promote the child's welfare.

The school will comply with all relevant legal duties, including safeguarding, equality, data protection and human rights legislation. Arrangements relating to toilets, changing facilities, residential accommodation, sport and the recording of pupil information will be managed in line with current statutory guidance and the school's legal obligations.

All concerns, discussions, decisions and the reasons for those decisions will be recorded in accordance with the school's safeguarding and record-keeping procedures.

KCSiE 2026 paragraphs 95-98 confirms that schools and colleges can lawfully separate children according to their biological sex for sport. In cases where a gender questioning child makes a request relating to how they participate, if "there are no safety concerns", settings should consider "whether supporting social transition is overall in the best interests of the child, as well as considering the impact on other children and the aim of creating safe and fair environments for children to participate in PE."

KCSiE 2026 **Paragraphs 105-116** explain that when it comes to toilets, showers and changing facilities, children must not be allowed into the spaces "designated for the opposite biological sex." In instances where a child does not want to use these spaces, "schools and colleges should consider whether they can provide an alternative." Schools and colleges must keep a record of any such situations and "ensure they are communicated appropriately" and regularly reviewed.

Paragraphs 197-202 include new guidance that schools and colleges must not allow a child to share overnight accommodation with a child of the opposite biological sex. This must be considered when responding to a request for social transition, where the rule still applies. If a child doesn't want to share with a child of the same biological sex, alternative arrangements may be sought, but they "should not compromise the safety, comfort, privacy or dignity of any child." Include your setting specific statement for sport here.

Female Genital Mutilation

Section 5B of the Female Genital Mutilation Act 2003 and section 74 of the Serious Crime Act 2015 places a mandatory duty on teachers along with social workers and healthcare professionals to report to the police where they discover that FGM appears to have been carried out on a girl under 18 or where a girl discloses that she has undergone FGM. The school's response to FGM will take into account the government guidance, "Multi-agency statutory guidance on female genital mutilation" April 2016. Staff will also follow the established safeguarding procedure by reporting any such concerns to the Designated Safeguarding Lead and a report must also be made to the Police.

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Below sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues

A girl:

- Having difficulty walking, sitting or standing, or looking uncomfortable
- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating

- Having frequent urinary, menstrual or stomach problems
- Avoiding physical exercise or missing PE
- Being repeatedly absent from school, or absent for a prolonged period
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues

A girl:

- Having a mother, older sibling or cousin who has undergone FGM
- Having limited level of integration within UK society
- Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it. Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out [if relevant, insert: or discovers that a pupil **aged 18 or over** appears to have been a victim of FGM] must speak to the DSL and follow our local safeguarding procedures.

APPENDIX 8

Indicators of abuse and neglect

Abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
